The Women's City Club of Pasadena and the Pasadena Chamber of Commerce are teaming up to give its membership and guests an opportunity to network with each other and its business community.

- In today's business world, networking is key. There are two main ways: 1) creating relationships where people become a referral source, and 2) increasing visibility. They say one business card is now worth \$30 of marketing dollars.
- Participate in one or two activities during this event (speed networking &/or the mixer).
- Participate in speed networking—a series of mini-meetings with many new business contacts.
- After speeding, participate in a business mixer to network with less structure with others while enjoying a variety cheese and crackers and a cash bar.
- Learn about the benefits of membership* at both The Women's City Club of Pasadena and the Pasadena Chamber of Commerce.
